

I'M NOT IMPRESSED

My lungs are pissing cigarettes
Can't believe I'm not dead yet
If life is a gift...holy shit
I'm not impressed

I need less people inside my head
Fewer monsters under the bed
If that face in the mirror is mine
I'm not impressed

No

My head
A bacteria of voices
Alive or dead
There's too many choices
Jesus, my life is a mess
Not impressed

I haven't always been like this
A chain of broken promises
My old me would see me and spit
Not impressed

Who cares what the future holds
So lord have mercy on my soul
Cause, whatever your heaven might be
I'm not impressed

No, no, no

My head
A bacteria of voices
Alive or dead
There's too many choices
Jesus, my life is a mess
Not impressed
